

Registering for an account

Last Modified on 04/24/2025 7:41 pm EDT

If you do not currently have a Client Portal account, you can create one in just a few minutes, as long as we have your email address on file. Simply go to <https://clientportal.vetmed.ucdavis.edu>, click on the button labeled "Sign up for portal access", and enter your email address.

You should receive an email in a few minutes with a link to set your password. This link will expire after 24 hours. Click on this link, set your password, and then you can navigate back to the log in page and begin accessing the portal.

If we do not have your email address on file, or if you do not receive an email with a link to set your password, please call our Client Services team so we can validate your email address is correct in our records.

If you have an account, but do not remember the password, please click the "Forgot Password" link and follow the instructions to reset your password.
